TOTAL CREDITS REQUIRED 36

REMARKS: (Waivers, special conditions, etc.)

Program Advisor/Date

* A student may satisfy the prerequisite requirements by (1) having completed equivalent courses at an accredited institution within the last 5 years with a grade of B or better; (2) receiving a waiver from the Program Advisor; or (3) completing the above listed courses. Credits taken for program prerequisites do not count toward the degree; grades earned, however, are computed into the student's Q.P.A.

** Any student who wishes to take an advanced-level business course in lieu of an IS elective may do so provided the student has the necessary prerequisites. This option is limited to one course and permission of the Program Advisor is required. (Refer to the Lubin School of Business Graduate Catalog.)
